

More than meets the eye

THIS Carrington cottage is deceptively large.

It has three bedrooms, one bathroom and a large eat-in kitchen.

It has a period timber front door and timber and Wunderlich panels throughout.

The front verandah is a great place to relax.

The house is set on a low-maintenance 169-square-metre block.

It has great street appeal thanks to the well-kept front garden, verandah and period window surround.

It is within walking distance of shops and restaurants, as well as being close to Throsby Creek.

CARRINGTON

\$325,000
