**CENTURY 21 BECOMES A HERO TO A CHILD IN NEED**

Century 21's Parramatta District proved earlier this month that a consistent effort goes a long way when they donated almost \$9,000 raised by their region to assist a disabled child.

Further establishing our association with Variety, The Children's Charity, Century 21 offices collected \$50 per sale to enable Variety to purchase a wheelchair for a disabled girl in their area.

During the presentation, Century 21's Parramatta Region Chairmen, Paul Carroll presented the local girl with her new specialised wheelchair which will ensure much needed comfort and support.

Using the simple but effective strategy of donating \$50 from every sale helped the region top the list of fundraisers within the Century 21 network across Australia with close to \$20,000 in the kitty for Variety's children.

"Century 21 is delighted to provide this donation to such a wonderful charity. After this presentation it's so obvious to see how the money we raised has definitely make a difference to supporting children with disabilities," said Century 21's Parramatta Region Chairman, Paul Carroll.

Century 21 Australia encourages all offices in the Century 21 network to get behind Variety by donating whenever they can either through the \$50 per sale approach or by hosting community events which assist in raising greatly needed funds for this worthwhile charity.

Congratulations to the team in the Parramatta District, their achievement is evidence that a consistent effort really can make a difference to a child in need.
